

Job Title: Python Developer Intern

Location: Chennai | Work from Office (5 days a week)

Duration: 12 Months

Eligibility: B.E./B.Tech / B.Sc / BCA students (Computer Science or related fields)

Internship Stipend: ₹15,000 per month

(Upon successful completion, a full-time offer may be extended based on performance, with a CTC up to ₹8 LPA)

About the Role

We are looking for a motivated and enthusiastic **Python Developer Intern** to join our product development team. This internship offers hands-on exposure to real-world Python development, backend systems, APIs, and scalable product engineering, supported by close mentorship from experienced engineers.

Key Responsibilities

- Write clean, efficient, and maintainable Python code
- Assist in building and maintaining backend services and internal tools
- Work with REST APIs and integrate third-party services
- Participate in debugging, testing, and performance optimization
- Collaborate with cross-functional teams on real product features
- Follow best practices in coding, documentation, and version control

Required Skills

- Strong understanding of **Python fundamentals** and **OOP concepts**
- Experience with Python frameworks such as **Flask or FastAPI** (Django is a plus)
- Working knowledge of **REST APIs** and HTTP concepts
- Basic understanding of databases (**MySQL / PostgreSQL**)
- Familiarity with Git and basic development workflows
- Good problem-solving skills and eagerness to learn
- Clear communication and ability to work in a team

Good to Have

- Hands-on projects involving **concurrency, multithreading, or async programming**

- Experience with API integrations and data processing
- Exposure to Linux environments
- Open-source contributions or GitHub projects
- Basic awareness of cybersecurity concepts

What You'll Gain

- Real-world experience in Python-based product development
- Exposure to scalable backend systems and industry-standard tools
- Mentorship from experienced software and product engineers
- Internship completion certificate
- Opportunity for full-time conversion based on performance

Note:

Intern performance will be reviewed quarterly. Full-time conversion is strictly performance-based.
